

Column Speaker

T-804P

Material: aluminum alloy

Feature:

- * Outdoor waterproof column speaker, two-frequency design;
- * The amplifier module adopts a digital class D design;
- * Support switching stabilized power supply, over-current protection;
- * Lower noise, higher efficiency, and lower power consumption;
- * Suitable for squares, schools, etc.

Specifications:

Model	T-804P
Power	60W
Input voltage	~220V 50Hz
Frequency response	80Hz -20KHz
Speaker unit	4"x4 2.5"x1
Protection level	IP66
Dimension	150×125×615mm
Weight	4.3kg
