

Description

Suitable for schools, supermarkets, hotels, shopping malls, leisure and entertainment places, etc.

Features

- *The shell is made of high-strength, corrosion-resistant aluminum alloy and aluminum mesh cover, and has an outdoor anti-rust spraying process. It is not easy to rust after years of use, and fully considers the complexity and diversity of the outdoor environment .
- *Built-in 1 4-inch full-range speaker unit, professionally tuned to ensure clear, loud and balanced sound. Whether playing soft background music or delivering emergency broadcasts, it can be presented to the audience with the best effect, and the clarity and penetration of the sound can be maintained even at a long distance .
- *Built-in high-performance 70V/100V audio transformer can reduce the loss caused by impedance in the circuit .
- *Comes with a mounting bracket that allows for horizontal or vertical adjustment of the angle .

Specification

Rated power (100V)	5W,10W
Rated power (70V)	2.5W,5W
Impedance	Black: COM Green: 2KΩ White: 1KΩ
Frequency response (-10dB)	130-16KHz
Sensitivity (±3dB)	92dB
Maximum sound pressure level (rated/peak)	102dB/108dB
Speaker unit	4"x1
Dimension	150×105×196mm
Protection level	Ip66
Weight	1.31kg
