

## Description

Suitable for outdoor places such as schools, playgrounds, squares, parks, communities and background music system applications .

## Features

- \*The outer shell is made of aluminum alloy and aluminum mesh cover, with outdoor anti-rust spraying technology. It is not easy to rust after years of use. A waterproof net is added inside to ensure all-weather outdoor use .
- \*Built-in 6 large magnetic steel 2.5-inch full-range speaker units to improve the sound effects of mid-high frequencies, making the mid-high frequencies clearer and brighter .
- \*Built-in high-performance 70V/100V audio transformer can reduce the loss caused by impedance in the circuit .
- \*Comes with a mounting bracket that allows for horizontal or vertical adjustment of the angle .

## Specification

Rated power (100V)	20W,40W
Rated power (70V)	10W,20W
Impedance	Black: COM White: 500Ω Green: 250Ω
Frequency response (-10dB)	100-16kHz
Sensitivity (±3dB)	92dB
Maximum sound pressure level (rated/peak)	108dB/114dB
Speaker unit	2.5"×6
Protection level	105×75×550mm
Dimensions (WxDxH)	Ip66
Weight	2.8kg
