

Description

Suitable for outdoor places such as schools, playgrounds, squares, parks, communities and background music system applications .

Features

- *The outer shell is made of aluminum alloy and aluminum mesh cover, with outdoor anti-rust spraying technology. It is not easy to rust after years of use. A waterproof net is added inside to ensure all-weather outdoor use .
- *Built-in 3 large magnetic steel 2.5-inch full-range speaker units to improve the sound effects of mid-high frequencies, making the mid-high frequencies clearer and brighter .
- *Built-in high-performance 70V/100V audio transformer can reduce the loss caused by impedance in the circuit .
- *Comes with a mounting bracket that allows for horizontal or vertical adjustment of the angle .

Specification

Rated power (100V)	10W,20W
Rated power (70V)	5W,10W
Impedance	Black: COM White: 1KΩ Green: 500Ω
Frequency response (-10dB)	150-16kHz
Sensitivity (±3dB)	89dB
Maximum sound pressure level (rated/peak)	102dB/108dB
Speaker unit	2.5"×3
Protection level	105×75×338mm
Dimensions (WxDxH)	Ip66
Weight	1.7kg
