

Fireproof wall mounted speaker

VA-700EN

Description

Indoor fireproof wall mounted speaker with EN54-24 Certificate, unique appearance design, metal iron shell and iron mesh structure, speaker using a 5 inch full frequency speaker unit design, sound radiation Angle is large, low frequency full sound quality is clear, built-in endless capacitor, fuse and high-performance copper wire audio transformer, can reduce the loss caused by impedance in the circuit, mesh cover using internal breathable cotton process. It can prevent dust or liquid into affect the sound quality, protect the horn, increase the service life, simple suspension mode, easy to operate the installation.

Scope of application: Suitable for schools, corridors, supermarkets and large shopping malls.

Specification

Model	VA-700EN
Rated Power@100V	10W,6W,3W,1.5W,0.75W,0.38W
Impedance	Com/1667Ω/3333Ω/6667Ω/13333Ω/26316Ω
Sensitivity(1W/1M)	91dB±3dB
MAX SPL	101dB
Freq Response	100Hz-16KHz
Horn Unit	5"X1
Dimensions	245X210X90mm
Weight	1.79Kg
