

Paperless Conference Terminal

TS-8304WB2

Features

- *The multimedia conference terminal host is equipped with the terminal embedded software to handle the file push, file distribution, browsing and reading, file annotation, smart sign-in, voting, electronic whiteboard, electronic nameplate, conference communication, conference service, video signal interconnection, conference control, same-screen broadcast and other applications during the conference.
- *It can meet the needs of various high-end conference occasions, as well as important government affairs, business, enterprises, institutions and large-scale event venues.
- *Support paperless meeting mode and Windows mode, which can be switched at will.
- *Multiple file formats can be viewed, including common formats such as doc/docx/xls/xlsx/ppt/pptx/pdf/txt/jpg/png, etc. Participants can only view files for which they have permission.
- *Meeting notes can be taken at any time during the meeting and can be downloaded locally.
- *Supports screen broadcasting. Participants can share their local screens with other participants during the meeting. Supports cross-platform (Windows/Android) broadcasting (requires relevant hardware to implement).
- *The personal center module supports uploading and viewing materials before and during meetings (confidential meetings cannot be viewed before meetings); it also supports downloading materials of meetings attended after the meetings.
- *When the meeting ends, the terminal automatically clears the local meeting files.

Specification

Operating system	Windows 10 Genuine Activated
CPU	Intel Core I5 (quad-core) (performance will be continuously optimized as products are continuously upgraded)
Memory	DDR4 8G
Hard disk capacity	256GB SSD
Network card	1×Gigabit network card, RJ45 interface
Standard interface	4×USB (3.0/2.0), 1×HDMI, 1×VGA, 1×LAN, 1×MIC-IN port, 1×LINE-OUT port, 1×DC port, 1×COM port
Work environment	Environment temperature: -10°C ~ 50°C; Relative humidity: 0% ~ 95%, no condensation
Working power supply	DC 18.5V/6.5A 120W
Power consumption	65W
Dimensions (L x W x H)	216×191×61mm
Weight	1.309kg
Color	black
