Vertical Network All-in-One Machine TH-3243PB

Embedded software: V2.048 Medical guidance and triage terminal embedded software

Description

Vertical all-in-one machines are used in medical places and are usually installed in halls or corridors . They can display information about experts, doctor schedules, and mail.

Features

*Supports displaying doctors' schedule and experts' schedule.

*Supports information publishing (supports videos, documents, pictures, etc.), and can be scheduled, inserted into program lists, etc.

*Support background remote upgrade.

*The background supports adjusting the volume of the device calling voice and taking remote screenshots of the display interface.

*Support setting any time period for scheduled power on and off.

*Support log viewing function.

*Supports replacement of display templates, and can customize template styles according to the on-site environment.

Vertical Network All-in-One Machine TH-3243PB

Embedded software: V2.048 Medical guidance and triage terminal embedded software

Specification

Screen size	43 inches
Resolution	1920×1080
Screen ratio	16:9
Display size	941×529mm
Brightness	300 cd /㎡
Contrast	1200 :1
Viewing angle	178°
Refresh rate	120HZ
Touch	10-point infrared touch
Backlight life	50000Hrs
Glass hardness	Explosion-proof tempered glass, Mohs 7 hardness
Processor	Quad-core, main frequency 2.0GHz
Running memory	2 GB DDR4
System memory	32 GB
operating system	Android 11
Built-in speaker	5 W × 2(8 Ω)
Device interface	USB×2; HDMI×1; 3.5mm×1; TF card slot×1; Rs232×1
Network input (10/100M)	Rj45×1
2.4G WIFI	support
Power supply mode	100-240V
Operating power consumption	＜ 180W
Standby power consumption	＜0.5W
Operating temperature	0～40°C
Operating humidity	20%～85%RH, no condensation
Overall dimensions (W× D ×H)	610.6×450×1787mm
Net weight	36.5kg
