

Professional Column Speaker

TS-903HK

Description

Suitable for conference halls, banquet halls, multi-functional lecture halls, and other sound reinforcement places.

Features

- *It uses 9 2.5-inch neodymium full-range speaker units .
- *The shell is made of ABS mixed aluminum alloy to strengthen the box body, with a newly designed apple gray color scheme. It has a beautiful and practical appearance and is suitable for sound reinforcement in various building spaces .
- *The newly designed circular waveguide hole forms a unique low-frequency cardioid diffusion, with crisp and pleasant treble, natural and thick tone and full bass .
- *Sturdy, durable, hard and thick rigid mesh protection, one-piece stamping and covered with high-sound-transmittance acoustic mesh cotton, can prevent dust or liquid from entering and affecting the sound quality, protect the speaker and increase its service life .
- *Solve the problem that traditional conference room speakers are too large and unsightly when hung on the wall .
- *With adjustable angle mounting bracket or narrow wall mounting bracket.
