

Features

- 1.Fog output: 3200cuft/min
- 2.Preheating time: 0Min

Specification

Model	TL-LT611
Input voltage	AC 220-240V 50Hz , 750W
Fuse	10 A/250 V
Working current	6.5A
Fog liquid drum	2L
Fog liquid consumption	24h/L
Control mode	DMX512 control, remote control
Channel	2 channels Channel 1: turn on and off the fog output Channel 2: adjust the wind power
Protection class	Ip20
Product size （W×D×H）	460×455×480mm (flight case)
Net weight	36.0kg
