

Description

1. The equipment is suitable for schools, hotels, guesthouses, supermarkets, etc.
2. Device impedance: COM/3.3K Ω /1.7K Ω /1K Ω .
3. Equipment rated power (100V): 3W, 6W, 10W ; rated power (70V): 1.5W, 3W, 5W .

Feature

1. The device is an indoor wall-mounted speaker with a streamlined appearance, a large sound radiation angle, and a full-range design. The speaker unit is: 6.5"×1 .
2. Equipment sensitivity: 91dB $\pm$ 3dB . Equipment frequency response: 130Hz-18kHz .
3. Equipment protection level: IP5X .
4. Comply with EN standard

Specification

Equipment and Materials	plastic
Device size	185×275×105mm
Equipment weight	1.4kg
